DETAILED ACTION

Claims 1-6 are pending.

Response to Amendment

The examiner acknowledges receipt of an amended drawing, Figure 1, and withdraws the objection to said drawing.

Response to Argument

Re: Claim Rejections - 35 USC § 102

1. As per Claim 1, the applicant argues that Slanina et al., "does not suggest transmitting only part of an encoded packet", and therefore Slanina et al. does not anticipate the applicant's Claim 1. The examiner disagrees and notes that applicant's Claim 1 does not specify such a feature as transmitting a partially-encoded packet. The claim in question takes a block of data, and encodes the same block >1 time(s) to yield >1 separate encoded packets representing the block of data, and transmits a 1st (g₁) encoded packet, etc... Therefore, the examiner understands the claim as such, and that the claim does not specify the packet as a partial packet. Therefore, the examiner rejects the applicant's premise and argument based on partial packets, and reiterates the original rejection of the first office action as being valid. And since the same applicant's argument as above is repeated for Claims 2-6, it follows that the examiner maintains the rejections of these claims based on the first office action. In total, Claims

1-6 are maintained as being rejected in view of the same references and arguments of the examiner's first office action.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
